

What to do if your child is unwell

Care at home

- Fever children's paracetamol can bring down a high temperature.
- Vomiting or diarrhoea give your child regular sips of water. Avoid solid foods.
- Ear infection ease pain with children's ibuprofen or paracetamol. Antibiotics won't help in most cases.
- Mild stomach ache lay quietly, offer sips of water and avoid solid foods for a while.

Pharmacy

- Sore throat ease discomfort with children's paracetamol.
- Cough or cold rub decongestant on chest and try a warm honey and lemon drink (aged 1+). Colds should clear up in 5-7 days.
- **Chicken pox** antihistamines or calamine cream may help with itching.
- Sticky eyes Gently clean eyelids with cooled boiled water and cotton wool. Eve drops from a pharmacist may help.
- High fever which isn't coming down?
- Symptoms that won't go away or get worse?
- Worried about your child's health?

Your GP
